Index.html

```
<!DOCTYPE html>
<html lang="en">

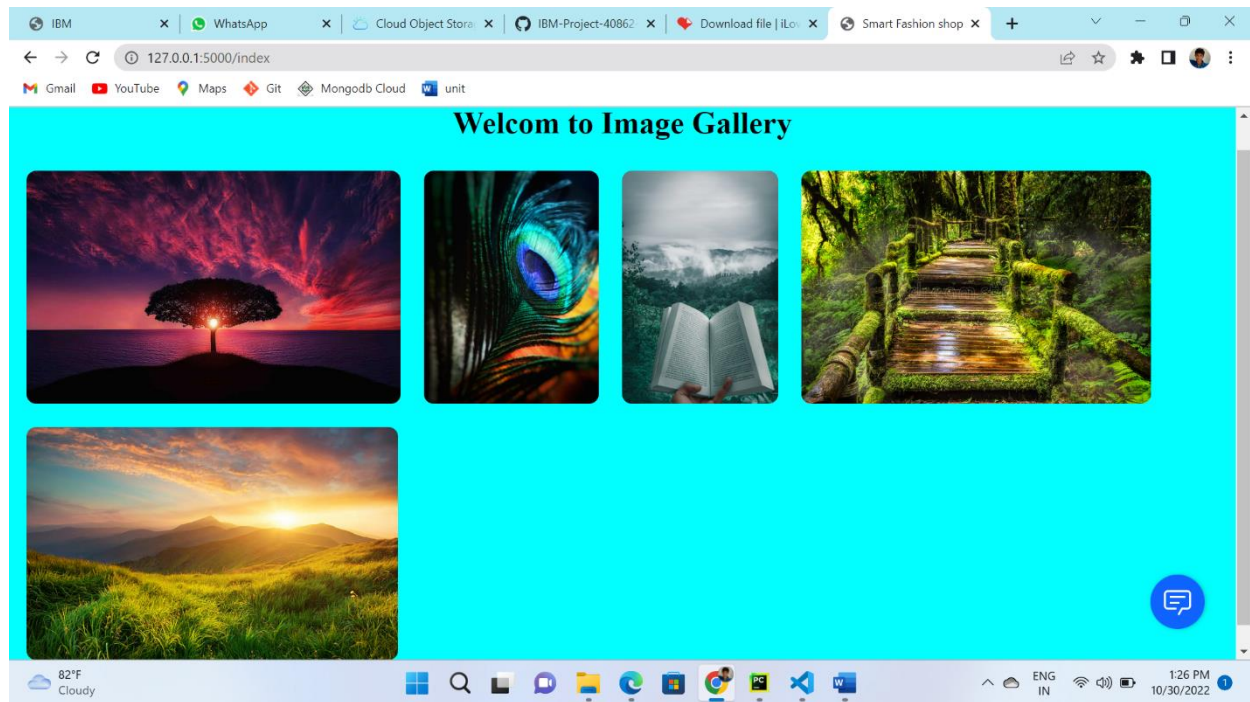

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Gallery shop </title>
  <style>
    body {
      background-color: aqua;
      display: flex;
      align-items: center;
      justify-content: center;
      flex-direction: column;
    }
  </style>
</head>
<body>
  <div>
    
    
    
    
    
  </div>
</body>
</html>
```

```
}

img {
  height: 240px;
  border-radius: 10px;
  margin: 10px;
}
</style>
</head>

<body>
  <h1>Wellcom To Fashion Store</h1>
  <div>
    
    
    
    

    
  </div>
</body>
</html>
```

3. Upload a css page to the object storage and use the same page in your HTML code.

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Gallery shop </title>
  <link rel="stylesheet" href="https://imagebucket-vk.s3.ap.cloud-object-storage.appdomain.cloud/style.css">
</head>

<body>
  <h1>Wellcom To Image Gallery</h1>
  <div>
    
    
    
    
```

```

    
  </div>

</body>

</html>

```

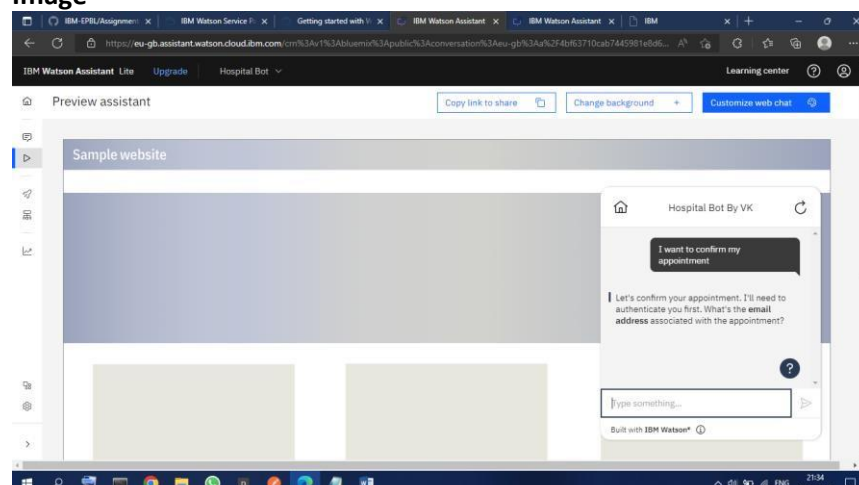

Output:

4. Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.

Url :- [chatbot link](#) <- click

Image-

5. Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot shows the IBM Watson Assistant console interface. The top navigation bar includes links for 'IBM Watson Assistant Lite', 'Upgrade', 'shopping bot', and 'Learning center'. The main content area is titled 'Check upcoming payment' and features a 'Customer starts with:' dropdown menu set to 'billing due date'. Below this, the 'Conversation steps' section displays two steps: Step 1 with the prompt 'enter mobile number' and a 'Number' input type, and Step 2 with the prompt 'thank you for giving' and a 'Confirmation' input type. A 'New step +' button is visible at the bottom of the steps list. On the right, a larger panel titled 'Customer starts with:' provides instructions on how to enter phrases and includes a text input field with the placeholder 'Enter a phrase'. Below this field, two example phrases are listed: 'hi' and 'When is my premium due'. A 'Preview' button is located at the bottom right of this panel. The bottom of the screen shows a Windows taskbar with various application icons and a system tray displaying the date and time as 1:29 PM on 10/30/2022.

This screenshot shows the same IBM Watson Assistant console interface, but with a 'Preview' window open on the right side. The 'Preview' window displays a simulated conversation. It starts with a 'Greet customer [default]' action, followed by the system message 'Welcome, how can I assist you?'. A user input 'hi' is shown, and the system responds with 'Check upcoming payment' recognized, followed by the prompt 'enter mobile number'. The 'Preview' window has a 'Type something...' input field at the bottom. The main console interface remains the same as in the previous screenshot, with the 'Conversation steps' and 'Customer starts with:' panels visible. The bottom of the screen shows the same Windows taskbar and system tray information.
