#### Index.html

```
<!DOCTYPE html>
<html lang="en">

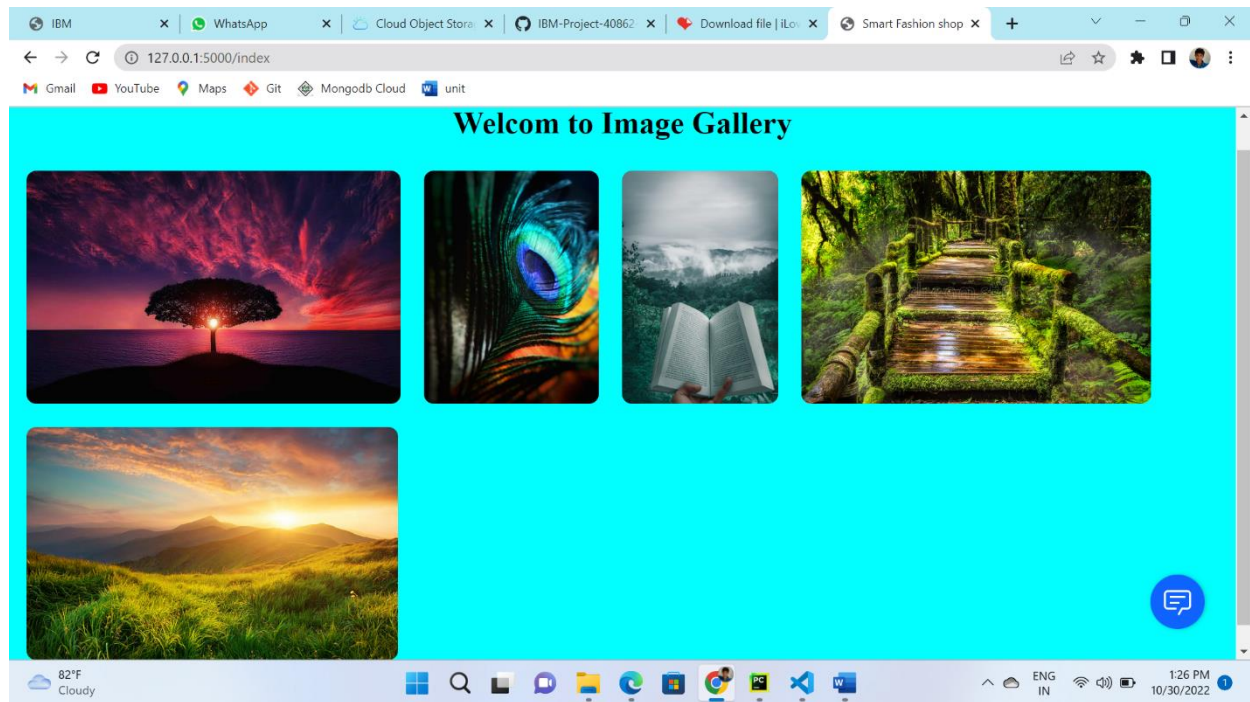

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Gallery shop </title>
  <style>
    body {
      background-color: aqua;
      display: flex;
      align-items: center;
      justify-content: center;
      flex-direction: column;
    }
  </style>
</head>
<body>
  <div>
    
    
    
    
    
  </div>
</body>
</html>
```

```
    }

    img {
      height: 240px;
      border-radius: 10px;
      margin: 10px;
    }
  </style>
</head>

<body>
  <h1>Wellcom To Fashion Store</h1>
  <div>
    
    
    
    

    
  </div>
</body>
</html>
```

### 3. Upload a css page to the object storage and use the same page in your HTML code.

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Gallery shop </title>
  <link rel="stylesheet" href="https://imagebucket-vk.s3.ap.cloud-object-storage.appdomain.cloud/style.css">
</head>

<body>
  <h1>Wellcom To Image Gallery</h1>
  <div>
    
    
    
    
```

```

    
  </div>

</body>

</html>

```

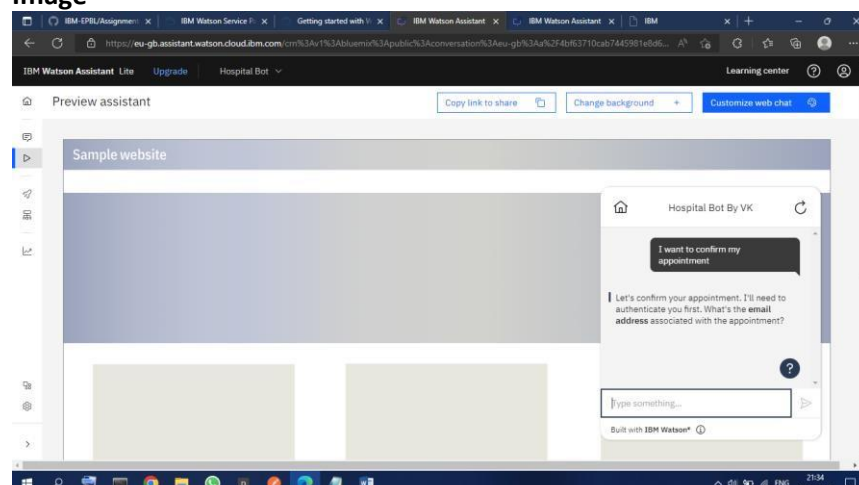

**Output:**

**4. Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.**

Url :- [chatbot link](#) <- click

**Image-**

## 5 .Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot shows the IBM Watson Assistant console interface. The top navigation bar includes links for 'IBM Watson Assistant Lite', 'Upgrade', 'shopping bot', and 'Learning center'. The main content area is titled 'Check upcoming payment' and features a 'Customer starts with:' dropdown menu set to 'billing due date'. Below this, the 'Conversation steps' section displays two steps: Step 1, 'enter mobile number', with a 'Number' input type and a 'Fallback' action; and Step 2, 'thank you for giving', with a 'Confirmation' action. A 'New step +' button is visible at the bottom of the steps list. The right-hand pane, titled 'Customer starts with:', provides instructions on how to enter phrases and includes a text input field with the placeholder 'Enter a phrase'. Below the input field, two example phrases are listed: 'hi' and 'When is my premium due'. A 'Preview' button is located at the bottom right of this pane. The bottom status bar shows the system time as 1:29 PM on 10/30/2022.

This screenshot shows the same IBM Watson Assistant console interface, but with a 'Preview' window open on the right. The 'Preview' window displays a simulated conversation. It begins with the system action 'Greet customer [default]' and the response 'Welcome, how can I assist you?'. A user input of 'hi' is shown, followed by the system recognizing the intent 'Check upcoming payment' and responding with 'enter mobile number'. The 'Preview' window includes a text input field with the placeholder 'Type something...' and a send button. The background console interface remains the same as in the previous screenshot, showing the 'Conversation steps' and the 'Customer starts with:' section.
