Index.html

```
<!DOCTYPE html>
<html lang="en">

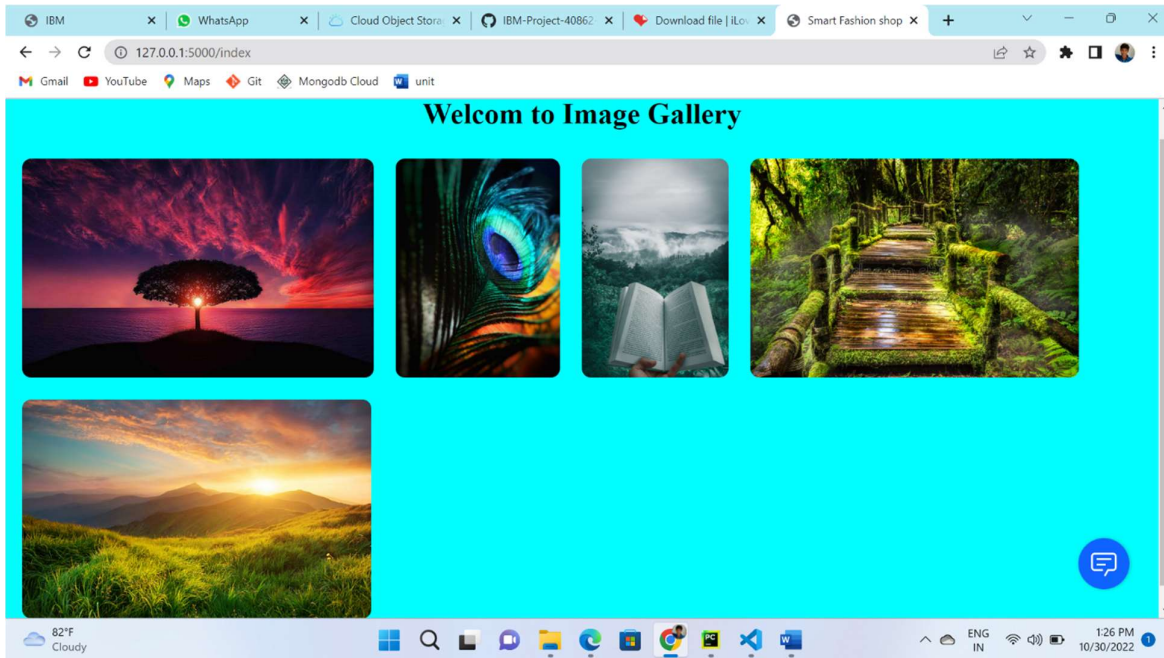

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Gallery shop </title>
  <style>
    body {
      background-color: aqua;
      display: flex;
      align-items: center;
      justify-content: center;
      flex-direction: column;
    }
  </style>
</head>
<body>
  <div>
    
    
    
    
    
    
  </div>
</body>
</html>
```

```
    }

    img {
      height: 240px;
      border-radius: 10px;
      margin: 10px;
    }
  </style>
</head>

<body>
  <h1>Wellcom To Fashion Store</h1>
  <div>
    
    
    
    

    
  </div>
</body>
</html>
```

3. Upload a css page to the object storage and use the same page in your HTML code.

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Gallery shop </title>
  <link rel="stylesheet" href="https://imagebucket-vk.s3.ap.cloud-object-storage.appdomain.cloud/style.css">
</head>

<body>
  <h1>Wellcom To Image Gallery</h1>
  <div>
    
    
    
    
  </div>
</body>
</html>
```

```

        
    </div>

</body>

</html>

```

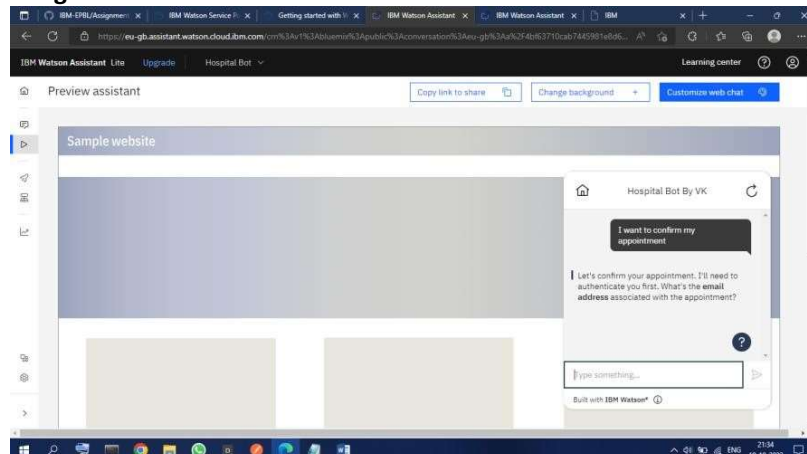

Output:

4. Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.

Url :- [chatbot link](#) <- click

Image-

5 .Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot shows the IBM Watson Assistant console interface. The top navigation bar includes links for 'IBM Watson Assistant Lite', 'Upgrade', 'shopping bot', and 'Learning center'. The main content area is titled 'Check upcoming payment' and features a 'Customer starts with:' dropdown menu set to 'billing due date'. Below this, the 'Conversation steps' section displays a list of steps: 1. 'enter mobile number' with a 'Number' input type and a 'Go to action: Fallback' button; 2. 'thank you for giving' with a 'Confirmation' input type and a 'Continue to next step' button. A 'New step +' button is at the bottom of the steps list. The right panel, 'Customer starts with:', provides instructions on entering phrases and a 'Preview' button. The bottom status bar shows the weather as 82°F Cloudy and the system time as 1:29 PM on 10/30/2022.

This screenshot shows the same IBM Watson Assistant console interface, but with the 'Preview' button clicked. A 'Preview' dialog box is open on the right, displaying a simulated conversation. The first message is 'Greet customer [default]' with the response 'Welcome, how can I assist you?'. The second message is 'Check upcoming payment recognized' with the response 'enter mobile number'. The dialog box includes a 'Type something...' input field and a 'Preview' button. The background interface remains the same, showing the 'Conversation steps' and 'Customer starts with:' sections.
